The term 'manual' or 'guide' both usually refer to a document whose main aim is to provide information or instructions. It is generally expected that guide are shorter, concise and more to the point than manual. A manual is expected to give more in-depth information and instruction than a guide. However, in practicality, the terms are often used interchangeably.

Difference between Manual and Guide | Manual vs Guide

I now have 4 E-books on Windows 10 and one hard copy manual. This users guide is far and away the very best of them all. It is well laid out in an orderly and logical sequence.
