New ships are being put to sea at an impressive rate. Between 2014 and 2018, China launched more submarines, warships, amphibious vessels, and auxiliaries than the number of ships currently serving in the individual navies of Germany, India, Spain, and the United Kingdom. Eighteen ships were commissioned by China in 2016 alone and at least another 14 were added in 2017. 2 By comparison, the US ...
